N330 SHIRA MOTION

Applications

> Beachwear > Activewear

This fabric has the exclusive feature of combining style and flexibility. Due to its heavier weight, this fabric can ensure the best fit and comfort, good elasticity and vibrant shininess, for unique activewear and heavy swimwear garments. It's ideal to combine fashion, performance and comfort.

Available colors: the 4 colors presented in this page are always available for sampling. If you would like to choose a color from the main Shiny color card, you can enjoy a MCQ of only 70 mts for bulk orders. However, the resulting color shade and the color fastness performance may be slightly different. We will submit to your attention a lab dip swatch for approval before going on with the bulk production.

Special notes/warnings: we recommend carrying out lab tests for color matches, molding, bonding and applications on fabrics in order to prevent problems from arising during garments production. Please carefully check physical data and color fastness forecasts.
